Our golf camp will provide an excellent opportunity for your junior golfer to improve their skills and on the course performance.

Each morning of our week long camp, activities will include three hours of exercises and drills for improvement of game fundamentals. These practice sessions will focus on grip, stance, posture, pitching, putting, bunker play and full swing.

In addition, the more advanced students will have a video swing analysis, studied strategies for course play, improving club head speed, and the skills needed for the potential high school team player or tournament player.

Our camp has a low camper per instructor ratio of 6:1 to ensure individual attention and a high level of instruction.

Full day camp students will be provided lunch and up to nine holes of golf course play with the instructors. On-course instruction will include club selection, course management, rules, and etiquette.

Our goal is to provide the students with improved skills and more confidence with the game. In addition, the week is sure to be a fun experience that we hope will instill a lifelong love for the game of golf.
